To Whom It May Concern:

I write this letter as a reference for Abdi G. Elmi with AGE Associates. Abdi worked with the Court Services Division of the Minnesota State Court Administrator's Office on a translation project which included the review, editing and translation of numerous court forms and documents. Our experience working with Abdi was very positive and we would give him high consideration for any future projects in our office.

Abdi handled our time constraints very professionally. We had a short time frame during which the translations needed to be completed based on a grant cycle and Abdi was able to finish the work well within the time frame. He maintained communication with the project lead and was very cooperative and flexible in his approach to the project.

Our office would not hesitate to recommend Abdi for any of your translation needs. You will get a professional and quality finished product from him.

Sincerely,

Kimberly Larson
